1. Photo gallery with Next, Previous and Slideshow.

- Next goes to next pic and stops when reaching last image
- Previous goes back to previous image and stops when reaching first image
- Slideshow will circulate, i.e. when reach last image is should continue displaying staring from first image
- Stop will stop slideshow behavior.
- Let the delay between every to image lasts 2 seconds

Window Object

Create a parent window that opens a child window. The new window should close after 5 seconds.

Location Object

Make your own welcoming page of a registration form to display a greeting for the user by his name and title, then show a display of his info (address, gender, email, mobile).

Note: The welcoming page is the page that should be displayed after registration.

The registration form should contain fields name, address, gender, email, mobile

AJAX & Json

Make your own interface to display post title and body by requesting posts from this API: https://jsonplaceholder.typicode.com/posts
